

## H. Customer Rewards

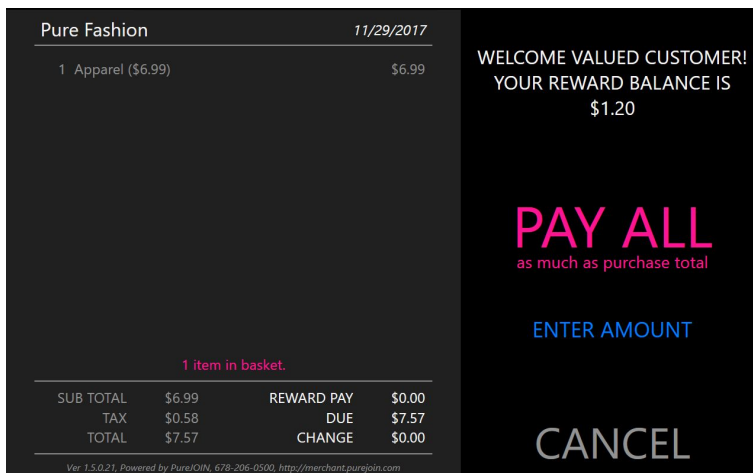

- a. After getting the total of the customer's products, let the customer to check in by touching check in on the customer display.

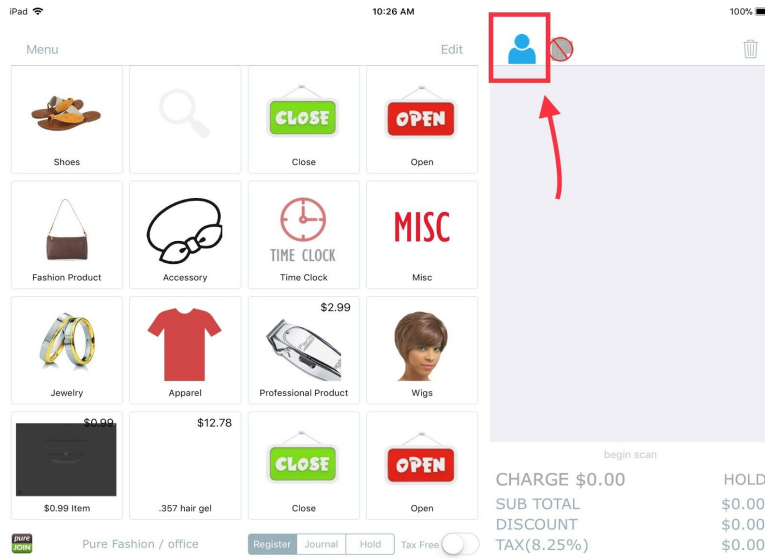

- b. Then, let the customer to enter their phone number to sign in.

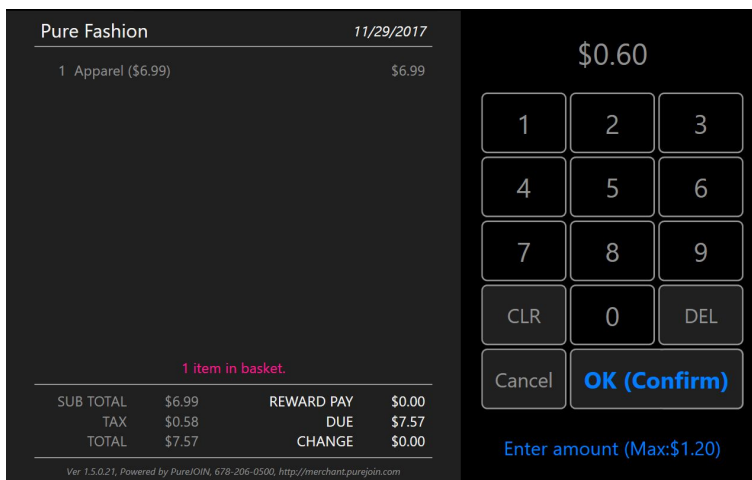

- c. After that, the customer display will show the customer's reward balance

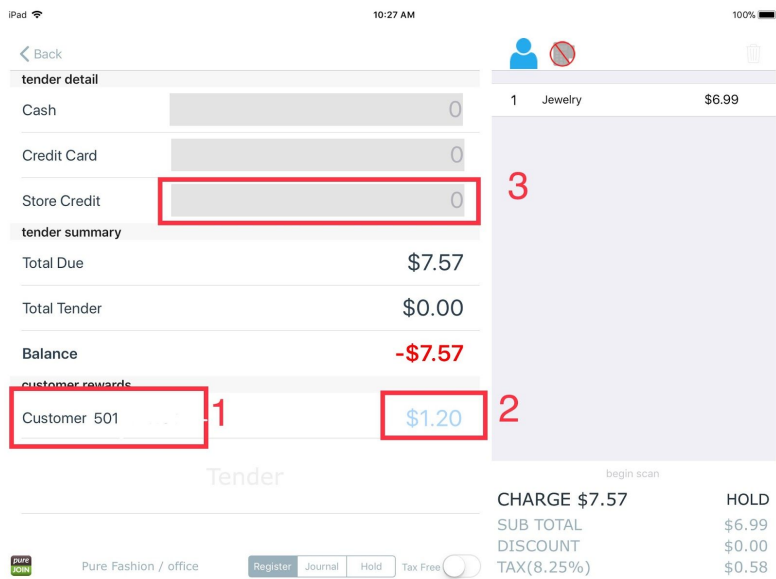

d. Once the customer check in, the blue, human's upper-body shaped icon will show up on the top right corner of the Pos display.

e. Customers also can chose how much they would like to spend by touching “ENTER AMOUNT”. ( You can also change this amount from the Pos, but the changed amount would not show on the customer's display).

- f. 1. Customer's Phone number
2. Customer's reward balance.
3. Touch to change the amount of the reward that customer wants to use.

- g. Make sure to touch the clear button if the customer does not wish to use the reward, since it does not get away by itself and if it doesn't get cleared, the next customer can use it.
